CAREER OBJECTIVE

Motivated Computer Science student with a strong foundation in Data Structures, Algorithms, and DBMS. Interested in backend development and system design, with a focus on building efficient and scalable applications. A consistent and problem-solving individual eager to apply skills to real-world challenges.

EDUCATION

Shri Guru Gobind Singhji Institute of Engineering and Technology (SGGS), Nanded <i>Bachelor of Technology in Computer Science and Engineering</i>	Maharashtra, India 2023 – Present
Yogeshwari College, Ambajogai <i>Higher Secondary (12th) Percentage: 80%</i>	Maharashtra, India 2021 – 2023
Dharashiv District School <i>Secondary (10th) Percentage: 97.60%</i>	Maharashtra, India 2021

SKILLS

Programming Languages: Java, Python, C, JavaScript, SQL
Core Concepts: Object-Oriented Programming (OOP), Data Structures and Algorithms, Operating Systems, DBMS
Web Development: HTML, CSS, Node.js, Express.js
Machine Learning: NumPy, Pandas, Scikit-learn, Data Preprocessing
Databases: MongoDB, MySQL

PROJECTS

Student Performance Prediction System (Machine Learning, Flask, Node.js):

- : Developed a machine learning model to predict student performance with 86% accuracy using Scikit-learn
- : Performed data preprocessing, feature engineering, and model evaluation
- : Built RESTful APIs using Flask and integrated with Node.js backend
- : Implemented authentication and improved model performance via hyperparameter tuning
- : **GitHub:** github.com/ghate-akanksha/student_performance_prediction

Mind Wellness Platform (MERN Stack):

- : Developed a full-stack web application using MongoDB, Express.js, React, and Node.js
- : Implemented authentication, appointment booking, and self-assessment modules
- : Designed REST APIs for efficient data handling
- : Built responsive UI and integrated blog and contact features
- : Enhancing platform with email notification system
- : **GitHub:** github.com/ghate-akanksha/Mern_project-Mind_Wellness

ACHIEVEMENTS

Problem Solving: Solved 250+ Data Structures and Algorithms problems on LeetCode and GeeksforGeeks
Practicing structured problem sets including Striver's SDE Sheet
Participating in LeetCode Weekly Contests to improve problem-solving skills

Competitions: Participated in HackNova Hackathon and received certificate of participation
Participated in college-level DSA Showdown competition

EXPERIENCE

Volunteer – Web Media Committee, UTSAV (SGGS Nanded) Nanded, India

- Contributed to the Web Media Committee for UTSAV, the annual cultural fest of SGGS
- Designed and developed web pages for event promotion and improved UI using Canva
- Collaborated with team members to ensure smooth execution of digital media tasks
- Developed strong teamwork, communication, and problem-solving skills
